To Whom it may concern

Dear Sirs,

BCA Landscape is a firm of award winning Landscape Architects, established in Liverpool over 20 years ago. We have a long-standing reputation with a variety of private and public clients for delivering high quality external works schemes.

In 2005 we completed The Albany Courtyard 'Garden of Light' project in city centre Liverpool for a private client – Albany Assets. The scheme was completed on time and to budget and has already received recognition at the Liverpool Daily Post and Echo Regional Property Awards 2006- winning 'Best Residential Development'.

David Stokes and Fink Lab worked closely with us to develop initial ideas for seating within the court and also worked on the trellis cones from design development through to delivery and site installation. David's input on all aspects of the project [ideas / process / delivery] was always positive and we would not hesitate to work/collaborate with him again in the future.

If you require any further information regarding these issues, please do not hesitate to contact me.

Yours Sincerely

Andy Thomson
[Associate]
